Subject: FW: [REDACTED] trials this week

Hi Melissa-

Carmen Alfonse told me that John Flor is no longer in your office and that you have taken over most of his cases, but didn't want to assume that you would be handling the Vargas cases on Tuesday, 4/3/12 ([REDACTED] and Wednesday, 4/4/12 [REDACTED]). Are you the ADA on these cases? If so, I am wondering what the odds are for it actually going to trial tomorrow, and if you are going to want me and Jim Hanchett (the other chemist on this case) there at a set time or if you are going to want us on call. I'm asking as I have one other case scheduled for both tomorrow and Wednesday and want to let the ADA know what is going on (I'm not sure how likely my other cases are to go to trial, but I've emailed them to find out what's going on with them). I'm also curious since it does take a fair amount of time to get from Amherst to New Bedford, and if I know I will be needed, I may spend the night at my parents in Portsmouth, RI tonight so I don't have as long of a drive to do tomorrow morning (probably only 30 minutes instead of ~2h45min) Thanks for all of your help.

Hi Sonja,

[REDACTED] is scheduled for JT ON 4/3/12, and [REDACTED] is scheduled for JT on 4/4/12. Don't know why 2 separate dates, but that's the way they were scheduled. John Flor is no longer with our office, and Melissa Weikart has taken over his cases, but don't want to assume that she will be handling them. Unfortunately, they (ADA's) are all in court at this time, therefore, I suggest you e-mail our Supervisor, Caleb Weiner at Caleb.Weiner@MassMail.State.MA.US.

He can also be reached at 508-997-6333, ext. 1958.

If I can be of further help, please let me know. Have a great day! TGIF

Hi Carmen-

I'm curious if you know the status of the [REDACTED] trial scheduled for 4/3/12 and the [REDACTED] trial scheduled for 4/4/12? I've got a couple other cases scheduled on those days and want to let the ADAs know if I may be available (i.e. would I be on-call for the Vargas cases, or need to be there at 9 (or some other set time)). Also, I believe that John Flor was the ADA assigned to these cases previously - do you know if he is still assigned to them. Thanks for all of your help.
